## **BID SPECIFICATIONS FOR ASPHALT MIXES**

**Bid Date: March 29, 2018**

**Time: 10:30 A.M.**

Sealed proposals will be received by the Board of County Road Commissioners of the County of Hillsdale at their office at 1919 Hudson Road (M-99) southeast of Hillsdale, Michigan, until 10:30 a.m. local time, Thursday, March 29, 2018, at which time bids will be publicly opened and read aloud for supplying our 2018 season's requirements of hot mixed bituminous aggregate asphalt mixes as specified.

This bid is only for furnishing hot mixed asphalt. The hauling and placement of hot mix will be performed by the road commission.

### **Hot Mix**

Hot mix asphalts shall be mixed according to section 501 of the 2012 MDOT specifications modified as follows: All mixes shall contain a minimum of 5.5% asphalt cement. The asphalt cement shall be performance grade 58-28. The successful bidder(s) shall furnish mix designs for our approval and use when testing the asphalt. The mix designs shall fall within the MDOT Master Gradation Range. Submit quotations on a unit price per English ton F.O.B. your plant for all of the following MDOT mixtures or other county approved mixtures: Mix No. 13A and Mix No. 36A. We will probably use the finer 36A for skip patches and the coarser 13A for small paving jobs. Ohio bidders may use their ODOT material specifications for their different mixes. Hot mix asphalt will be picked up at the bidder's plant by road commission crews as needed during the normal paving season whenever your plant is in operation. The road commission will phone the bidder at least one day prior to dispatching trucks to coordinate the quantity and type of material desired. Estimated quantity of hot mix asphalt to be purchased for skip patching prior to sealcoating is 6,000 tons with a usage of 200 to 300 tons per day.

### **Title VI Compliance**

The HCRC, in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 USC 2000d to 2000d-4 and Title 49, Code of Federal Regulations, Department of Federally-assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of gender, disability, race, color, or national origin in consideration for an award.

## **General Information**

Bids for our season's requirements of hot mix asphalt may be awarded to one bidder, several bidders, or all bidders. If the bids are awarded to several or all bidders, the road commission would then choose the plant that is the most economical in material cost and hauling distance to the particular job being performed. Unit prices will govern regardless of increase or decrease in quantities. We will not guarantee a minimum quantity to be ordered.

Bid prices for hot mix asphalt shall be firm until November 21, 2018. Specify the length of time for which your bid is firm. Payment will be made within 30 days after receipt of invoice. Bids must be submitted on bid sheets provided by the road commission. Bids are to be submitted in sealed envelopes clearly marked with the words "ASPHALT MIXES BID".

Purchase orders with the successful bidders may be extended an additional year (s) upon the mutual written consent of both parties.

The Board reserves the right to reject any or all bids, to waive details in specifications, to waive irregularities in the bidding, and to accept the bid which in their opinion is in the best interest of the road commission.
